

# RGPC RP12

12 AV Grade Outlets  
Low Profile  
Can be Mounted in Front or Rear of Rack

The RGPC RP12 AC Power Extender offers additional AV Grade outlets when needed to add to an existing or new RGPC Powered System.

The RP12 follows the RGPC mantra of delivering high current on demand with minimal loss. Designed specifically to be used in conjunction with our AC Power Purification, Parallel Delivery and UPS systems, and utilizing only 1U of additional rack space to deliver power to 12 outlets.

The RP12 comes with rack mounting ears and is available in black only.
